PIANO PLACEMENT
PROCEDURES

BEGIN HERE

A. Look at the following examples:

1. Can you play this example hands together? You may block the LH chord pattern.

2. Can you harmonize this lead line (melody RH, chords LH)?

B. If the answer to (1) and (2) is “no” you must register for Piano 1, MUAG 1011. You do not have to take the piano placement test.
C. If your abilities are greater than the above description, please login to Piano Marvel and take the SASR test. THIS IS HOW YOU PLACE INTO A HIGHER LEVEL PIANO COURSE.

Placement exams can now be done online with a computer/iPad and digital keyboard. Follow this link to take your piano placement exam through Piano Marvel:

   Piano Marvel Piano Placement Click here - (SASR)

D. If you prefer to take your placement exam online via Zoom, please contact Dr. Brad Beckman, Coordinator of Group Piano at Bradley.Beckman@unt.edu. (Note: You must be able to either “see” your computer screen from your piano/keyboard during the test or be able to print out materials just prior to the placement test).

E. For more information or if you have questions, please visit the piano proficiency website at: http://piano.music.unt.edu/pianoproficiency or email Dr. Brad Beckman, Coordinator of Keyboard Skills, at: Bradley.Beckman@unt.edu
